GS1- LANKA

License Agreement for Use of GS1 Article Number

We hereby apply to GS1 Lanka for license subscribership, which provides us the right to use the GS1 Article Number.

We agree to abide by the rules and regulations of GS1 Lanka and the terms of this license agreement, which in general requires the licensee (subscriber) to use only the Article Number for which permission has been granted by GS1 Lanka. The licensee will not permit its use by any other person or organization by renting, leasing, sub-dividing etc. which can lead to termination of this agreement. The licensee will comply with the technical standards set out by GS1 Lanka from time to time through its publications, guidance etc.

We further agree that we will pay the license renewal fees on our own, on or before the 1st of April of each financial year for the following year, in advance as applicable for that financial year.

1. If we fail to observe GS1 Lanka rules relating to the license agreement or otherwise infringe on its intellectual property or other rights, our subscription would lapse automatically leading to termination of this agreement. We will be liable to GS1 Lanka and any of its subscribers for any loss or damage by the continued use of the GS1 article number in default of payment of dues to GS1 Lanka and will invite legal action as it deems fit.
2. We understand that fees paid to GS1 Lanka are non-refundable.
3. We further acknowledge and agree that our right to use the GS1 article number ceases immediately upon the termination of the agreement. To enroll again, fresh registration form with requisite fees etc. will need to be submitted.
4. In the event of any kind of dispute including loss or damage incurred by GS1 subscribers, the total liability of GS1 Lanka shall be restricted to refund of one-time registration fee paid of that particular service of GS1 Lanka for which loss/damage is claimed to have been incurred.
5. We understand that the product numbering capacity being allocated is based on information provided by us on actual number of different product types (SKU's) manufactured/ supplied currently. For additional product numbering capacity, if desired on account of any additional products (SKU's) later, a fresh GS1 company prefix will need to be applied for by us on payment of one-time Registration/Annual fee as applicable at that time to GS1 Lanka.
6. We hereby agree that in the event of any change in our contact particulars (address, contact person(s), tel nos. etc,) the same shall be communicated to GS1 Lanka immediately.
7. Notwithstanding any termination of the license or our license subscription by GS1 Lanka, we agree that the provision of paragraph 4 above will continue to be binding upon us.
